Current Rates for Service

- Initial Data Backup Service Setup (one-time): $60
- Data Backup Service including the 1TB of data storage (billed annually): $280/year
- Additional 1TB of Storage allocations: $30/TB/Year
- Franklin OIT reserves the right to charge for data recover requests in excess of 12 per year at our standard hourly rate.

Client Responsibility

Clients are responsible for the following:

- Initiate requests for new service, change on existing service, or support for services via the Franklin OIT Help Desk.
- Purchase of any additional required items outside of this service, including, but not limited to, hardware, software, support services, warranty, cabling, licensing, or fees.
- Sign and return any associated forms for this service including Memorandum of Understanding (MOU), Proposal of Work (POW), and Statement of Work (SOW).
• Develop data management plans, disaster recovery plans, and business continuity plans as applicable.

OIT Responsibility

• Maintain and support the storage and server hardware and infrastructure
• Maintain and support the product licensing for the software
• Provide direct support to clients for the backup service depending on the level of management service selected:
  • FOIT-Managed Service Option:
    • Establish and maintain a backup schedule and plan by Franklin OIT based upon client needs. Changes will be requested in writing and documented in the Help Desk ticketing system.
    • Perform up to 12 annual data recoveries as requested by the client. Additional recoveries will be evaluated for cost-recovery rates.
