Existing Clients

Franklin College faculty and staff can request support on data backup services by contacting the Franklin OIT Help Desk:

- Submit a ticket
- Email the help desk
- Call: 706-542-9900

Current Rates for Service

- Initial Data Backup Service Setup (one-time): $30/client ($150 Maximum)
- Data Backup Service storage use (billed annually): $218/Terabyte (TB)/year
- Annual Service Management and Support Options (select one):
  - For units purchasing 5 or more clients: $150/year
  - For units purchasing fewer than 5 clients: $30/client/year
  - For standalone individuals: $30/client/year

UGA is currently evaluating Code 42 as a campus-wide desktop backup solution. The rates below are suspended for FY20 and may change in FY21 depending on negotiations between UGA and the vendor. Clients interested in participating in the pilot should contact Franklin OIT utilizing the methods above.
Client Responsibility

Clients are responsible for the following:

- Initiate requests for new service, change on existing service, or support for services via the Franklin OIT Help Desk.
- Purchase of any additional required items outside of this service, including, but not limited to, hardware, software, support services, warranty, cabling, licensing, or fees.
- Sign and return any associated forms for this service including Memorandum of Understanding (MOU), Proposal of Work (POW), and Statement of Work (SOW).
- Develop data management plans, disaster recovery plans, and business continuity plans as applicable.
- Manage the backup schedule and backup type per system
- Manage the data recovery processes
  - An adequate data storage location must be provided for recovered data
- Manage backup reports and notifications
- Monitor and plan for backup storage allocations
- Utilize self-Help support available on the Franklin OIT Self Service Website
- **NOTE:** Limit of one support request per year at no cost, up to one hour. Additional support requests or time will be available at cost-recovery per request

OIT Responsibility

- Maintain and support the storage and server hardware and infrastructure
- Maintain and support the product licensing for the software
- Provide instructional assistance to clients on use of the system:
  - Documentation and examples on usage of the data backup services on the Franklin OIT Self Service Website.
  - Indirect or direct initial setup training on how to use the service and may assist with one support request per year up to one hour.
  - Data recovery requests, outside of self-service, and additional support will be available at cost-recovery rates.
