Blocking Web Committee and Personnel User Accounts

Complexity Level: Intermediate

The is an intermediate topic. You will need to possess some basic understanding and have some experience with Drupal content editing.

Permission Level

Level 3 or Higher - See permission level document for details

Purpose of this document

This document shows unit or site administrators how to block web committee and personnel accounts for their web user(s).

Step-by-Step Guide

- **Step 1: Go to People**
- **Step 2: Find the User Account**
- **Step 3: Select the User**
- **Step 4: Select Block Current User**
- **Step 5: Block the User Account**

Step 1: Go to People

Click the **People** button at the top of the screen.

Step 2: Find the User Account

- Type the MyID or name of the person you want to block in the field 'Name or email contains'.
- Click on 'Filter' and it will show you the user account.

Step 3: Select the User

You will come to the screen below:

- Click the checkbox to the left of the user account name that you want to block.
Step 4: Select Block Current User

Under “Action” click on the drop down menu and select “Block current user”

Action

- Update URL alias
- Add the Administrator role to the selected users
- Add the personnel role to the selected users
- Add the unit administrator role to the selected users
- Add the web committee role to the selected users
- **Block current user**
- Cancel the selected user account(s)
- Remove the Administrator role from the selected users
- Remove the personnel role from the selected users
- Remove the unit administrator role from the selected users
- Remove the web committee role from the selected users
- Unblock the selected user(s)

Step 5: Block the User Account

The screen will now look like the one below.

- Click on “Apply to selected items” and the user account will now be blocked.
